PROJECT:

Title: ONLINE AUCTION SYSTEM

Description:

- Online auctions are among the most influential e-business applications.

- Despite efforts to set up marketplaces, online trading is still a relatively early stage. The online auction program carries an online auction of various products on the website.

- It is a place for buyers and sellers to meet and sell anything. The online auction system helps the customer to sell and buy a product at a high price.

- It is developed with the aim of making the system reliable, easy and fast.

STRENGTHS:

- Optimistic
- Fast decision making
- Flexibility
- Self Motivative
